

National Recruiting Committee - Division Presidents

The following recruiting update to my April 15, 2013 report.

Recruitment Update:

Recruitment results are now in for **April 30th** to start the 2nd. Quarter. Good news, (4) more Divisions reporting new members. This makes a total of (21) Divisions who have been successful in recruiting of new members to the Association. There are still (9) Divisions who apparently haven't brought in a single member in (4) whole months. It's hard to believe this non-performance. Is it any wonder that our Association is not growing.

Presidents, as the Recruiting Committee and leaders of your Divisions, it is your responsibility to determine the problem and correct it. This is not Savage's recruitment campaign, it **Yours**, so if it fails you wear the blame. Many Divisions I'm happy to report are working very hard and giving full cooperation, so I congratulate them sincerely. Others are obviously not pulling their load and letting the Vet team down. I'm hoping that you have just inadvertently neglected to send in your applications to Jennifer at the end of each month for credit as stated in the Campaign Rules. I'll check with the National Treasurer to see if that may be the case. If so, I'll add your numbers to the Tally Sheet and ask that you please send your applications to Jen at month-end going forward. This campaign involves "all" Divisions, so full participation is expected of "all" Divisions.

Good luck and I look forward to seeing many of you at Saskatoon.

George Savage, Chair
National Recruiting Committee
