

## **SRR News - Make Your Voice Heard! - Force Wide Broadcast**

National distribution to individual mailboxes approved by Abe Townsend and Doug Anthony, National Executive of the Staff Relations Representative Program on 2015/07/27.

Make Your Voice Heard!

Last week, the Minister of Public Safety, the Honourable Steven Blaney, addressed the membership regarding the future of labour relations for the RCMP.

Your Staff Relations Representative (SRR) Program fully supports these endeavours as the Government of Canada seeks your input on the legislation that will be used to create a new labour relations framework.

The SRR Program strongly encourages all members to participate in the online consultation, participate in the townhall meetings, and become fully informed as to the impact these options will have on our future in the RCMP.

The Program has full confidence in Mr. Alain Jolicoeur who is leading these consultations on behalf of the Government of Canada.
